Worksheet 1

One evening, Rohan was walking through a quiet street near his house. Suddenly, he heard a strange noise coming from an old building at the end of the road. He felt a little nervous but decided to take a closer look.

As he stepped inside, he saw an owl sitting on a wooden beam. The owl stared at him with its bright eyes. In a corner of the room, there was a broken chair and a small table covered with dust.

Rohan realised that the noise had come from the window that was swinging in the wind. Feeling relieved, he laughed at himself and walked back home under the pale moon.
